Cleveland	12	12	.500
Philadelphia	11	13	.458
New York	10	14	.417

## FLEET HOLDS EXHIBITION

WASHINGTON, May 15.—The Atlantic fleet of United States ships started out today to hold an exhibition around itself to show the American people what it really can do in the way of seapower. The exhibition, in one form or another, will continue until November 1.

The official program provides for fleet and divisional exercises off the North Atlantic coast in the vicinity of Newport, together with a voyage in conjunction with the army from July 24 to 29.

Target practice will be held on the southern drill grounds from July 1 to 10, after which the fleet will be scattered to the home ports for docking and minor repairs.

Beginning today the battleship of the fleet will operate singly for steaming trials and similar individual operations, after which, on May 20, the divisions of the fleet will assemble as follows:

The battleship Wisconsin and First division at Tompkinsville, the second division in the North River, the third division at Hookpoint, and the fourth division at Newport.

After divisional exercises lasting for five days the divisions will return to these bases, except that the flagship and first division will go to Hampton Roads instead of Tompkinsville.

Beginning on June 3 divisional exercises will again be held. The fleet will again assemble at Newport on June 10, on which date the flagship and the first division will return to Tompkinsville.

After five days spent in divisional exercises, from June 12 to June 17, the entire fleet will reconvene at Newport on June 17 for squadron exercises off Newport from June 17 to July 1.

The week from July 1 to 8 will be spent in the usual routine of July cruises at Atlantic coast ports for local exhibitions.

On July 8 the battleship will again mobilize at Narragansett Bay and on July 10 will spend a five-day period in local exercises.

Returning to Narragansett Bay on July 12, the next four weeks will be spent at anchor for machine gun, anti-air, and anti-submarine exercises, with the exception of a few days from July 24 to 28 when the divisions will operate in a war game in an assigned area. Machine gun exercises will also be held, and the machine gun division and destroyers will engage in joint exercises.

One division of destroyers will cooperate with the army in joint operations in testing the defenses of Eastern New York.

Vertical exercises of the fleet will begin again on August 1 and will continue until August 12, when the battleship will return to Narragansett Bay for machine gun, anti-air, and anti-submarine exercises.

Returning to Narragansett Bay on August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

On August 12, the fleet will spend a five-day period in local exercises.

## Destitute in Northern France Facing Starvation

That the French rate among the most destitute in the world is a fact which is being proved by the reports of the American Red Cross.

The reports of the American Red Cross are being sent to the American Red Cross in New York, and are being sent to the American Red Cross in New York, and are being sent to the American Red Cross in New York.

spending a large part of his time there.

We found the most shabby all closed, and there had been no fresh meat or milk for several days in the district, either through shops or markets for two days with three exceptions. The shops that have recently and openly sold meat, a little fresh meat which reached the market only two days ago, and a little fresh milk, the latter coming in as a concession of twelve francs per kilo, and the former at \$1.50 per pound. Some meat that had been obtained by special efforts for the soup kitchens. As for the state of the market, the shops that have recently and openly sold meat, a little fresh meat which reached the market only two days ago, and a little fresh milk, the latter coming in as a concession of twelve francs per kilo, and the former at \$1.50 per pound.

population must starve or get the ration they get the ration. The people are free to complain to the American Red Cross, and the American Red Cross are constantly visiting the people.

An indication of the tenacity with which the people cling to their pitance in the disparity in the price of food is shown in the fact that a kilo of flour, which is sold at \$2.25 francs per kilo, is sold at \$2.25 francs per kilo, and a kilo of flour is sold at \$2.25 francs per kilo.

## Here Is the List of Contestants In The Daily News and The Daily Panhandle Auto Contest

### List of Prizes to be Given Away

1916 REO Touring Car, valued at \$950. On exhibition at Wofflin Bros.

\$300 Victor Victrola, valued at \$300. On exhibition at The Nunn Elec. Co.

Two, One-Half Karat Diamond Rings, Two. On exhibition at The Daily News.

Two, \$100 Victor Victrolas, Two. On exhibition at The Nunn Elec. Co.

Two, \$35 Solid Gold Wrist Watches, Two. On exhibition at The Daily News.

Two, \$17.50 Solid Gold Bracelets, Two. On exhibition at The Daily News.

OTHER PRIZES TO BE ANNOUNCED LATER.

ARE YOU SATISFIED with the success with which you have been meeting in your campaign for votes and subscriptions to The Daily News and The Daily Panhandle? If not, it is probably because you are slighting some of your friends by not giving them a chance to prove their loyalty to you. Don't overlook a single one. Always keep your eyes open for the main chance. You are apt to meet a particular friend on the street any day; a friend whom you may not have seen for some time. He or she may be ready to give you a large number of votes, when you explain that you are in our contest to win such or such a prize, or in an hour's time secure you enough subscriptions and votes to place you well to the front. What we wish to impress upon you is not to overlook a single one, as they will all help you if properly approached. Don't forget that the sooner you get them to give you their subscription, the better it will be for you, as the first voting period will close at 9 o'clock Saturday evening, May 20th. After that time the regular scale of votes will decrease 20 per cent, which means it is very important that you see every friend you possibly can before that time. Don't wait for your friends to ask you: "How are you getting along?" They may be as backward and bashful as you. Besides, some one else may get them first unless you HURRY. Don't give anyone else a chance. Read over this list and note how you stand with the other candidates. If you are behind, don't worry. You'll find your friends ready and willing to help you if requested. If you are among the leaders, don't stop trying and allow your competitors to catch up. KEEP GOING. The list today shows Miss Josephine Keek of District No. 2 in the lead with Miss Anna Lou Bassett of District No. 1 a close second.

### Nomination Not Closed

Nominations in The Daily News and The Daily Panhandle's Auto Contest are not closed, and you are hereby invited to have your name appear in the next published list. In fact, nominations will not be closed until June 27th. Our offer of \$2,500 in prizes holds good until this contest is closed, and the prizes will be given away just the same, even if there is not another vote cast. But you may rest assured that there will be others coming in. Besides, you're not going to allow this opportunity to slip by you unnoticed. The Daily News and the Daily Panhandle have done their part. The rest is for you and your friends.

## List of Nominations in the Automobile Contest DISTRICT NO. 1--Includes all territory within the city limits of Amarillo.

Miss G. Adams, 201 Lincoln	7,200	Miss Emma Orchard, Tucuman, N. M.	5,000	Miss Mary Nelson, Pampa, Tex.	5,000

## ITCHING ECZEMA IS A CONSTANT BLOOD CRY

The Blood Reaches Every Part of the Body Every Twelve Seconds.

There is a constant motion of the blood in the body, and it reaches every part of the body every twelve seconds. This is why it is so important to keep the blood pure and healthy. If the blood is impure, it will cause various diseases, including itching eczema. Itching eczema is a skin disease that is caused by impure blood. It is characterized by intense itching and the formation of small, red, inflamed spots on the skin. These spots may become larger and more numerous, and may eventually lead to the formation of blisters and sores. Itching eczema can be very painful and can interfere with daily life. However, it can be treated successfully by keeping the blood pure and healthy. This can be done by eating a healthy diet, exercising regularly, and avoiding things that irritate the skin. If you are suffering from itching eczema, it is important to see a doctor as soon as possible so that you can get the treatment you need.
